### Going Online

Please go to [www.JennyRhea.com](http://www.JennyRhea.com) on Monday, August 10<sup>th</sup> to pick the image you would like to be used in Westwood Football Program. **Please enter code "SUPERTWENTY" for a \$20 credit toward to your order** from Jenny. Orders will be mailed to your home ☺.

### Your Family Portrait Images

Prints can be ordered online or by appointment. Special pricing is available to the coaching staff for this event, it is a great opportunity to purchase a Gallery Wrap or Wall Portrait for your home. You may also choose to purchase images from this session to make your own Holiday Cards or gifts. Please ask Jenny about designing a One-of-a-Kind Card for your family or find out more about purchasing the images with release of copyright.

### Clothing

Know that whatever you choose, please wear something that you like and that you feel comfortable in. Whether it is Spirit wear, jeans, or "Sunday dress", I want you to know you look as good as you feel.

A few clothing tips:

You don't have to be matchy matchy to have a great portrait. Keep your colors within the same "season" to help create unity. Theme your session or let everyone dress in "their style" (with a little help from mom).

White and bright colors attract attention to your clothes. Muted, deeper, darker colors let the attention go to your face.

The bigger the arm, the longer the sleeve.

Solid colors are best, but not the rule. Small prints and plaids can be fine, please do stay away from very large stripes, dots, and plaids.

Your favorite clothes probably are a style that suits you, color that brings out the best in you, and just make you feel yippy skippy. I want you to feel that good.

### On the way

---

#### NO BRIBES

This will be a fun, easy, and QUICK experience for your family. There is no need to promise ice cream, treats, or cars for their best smile or best behavior. You can be a hero after the session and offer to take the family out for a treat if you so choose.

#### NO RUSH

It's picture day. If there is a day to have a flat tire, your car will probably pick today. If things are not going as planned, give me a call.

#### HAVE FUN

Portraits capture a specific moment in time for your family that you can treasure for years to come.
